We are looking for an enthusiastic, highly motivated, person to join our friendly and hardworking SEN team. If you are interested in helping young people who have a diverse range of special needs across all year groups, including the Sixth Form, and are keen to work alongside them in the classroom, this could be the job for you. This position could suit a graduate looking for school experience with a view to potential future application for teacher training within the school.

Applicants must be willing to assist with the care aspects that some students require. Some of our students may have visual or hearing impairment, a specific learning difficulty, physical disability, moderate learning difficulty or behavioural issues. GCSE qualifications in English and Maths (grade C or above) are essential and Level 3 qualifications (A Level or equivalents) are desirable. A first aid or other appropriate child care qualification would be an advantage, but training will be given. This role would also suit a student looking to fill a gap year.

In return you will receive

- A comprehensive induction and CPD programme
- Opportunities to further develop your skills and expertise

The successful candidate will be subject to an enhanced DBS check.

We welcome applications regardless of age, gender, ethnicity or religion.
