EMPOWERING EVERYONE TO ACHIEVE

What is the main role of the Governing Body?

- Provide strategic direction for the school with clear priorities and targets.
- Support the Head and constantly look to raise standards.
- Ensure accountability.

So what do we get involved in?

- Setting and monitoring the school's values, aims and policies.
 - Making sure the curriculum is broad and stretches all students.
 - Deciding how the budget should be spent and ensuring good value for money.
 - Making sure the school buildings are welcoming, safe and well used.
 - Overseeing the appointment of staff and making sure the right development and reward arrangements are in place.
 - Sitting on Student Discipline Panels and other Human Resource Panels involving staff.
- 

What we don't do

• The role of a governor is largely a thinking and questioning role, not a doing role.

A governor does NOT:

- Write school policies.
 - Undertake audits of any sort even if the governor has the relevant professional experience.
 - Spend much time with the students of the school
 - Fundraise but we do look for potential income generation streams.
 - Undertake classroom observations to make judgements on the quality of teaching – the Governing Body monitors the quality of teaching in the school by requiring data from the senior staff and from external sources
 - Do the job of the school staff.
- 

The classroom and beyond
