

Extension homework Key stage 5 Geography

Year 12:

Term	Topic	Extension task
Autumn	Water and Carbon Cycles	Produce a PowerPoint or movie demonstrating the processes, stores, inputs and outputs in the water or carbon cycles Read the following http://environment.nationalgeographic.com/environment/global-warming/missing-carbon/
Autumn	Changing Places	Go the High Wycombe library and research how and why the town has changed over time, think about its manufacturing history and the type of industry found there now
Spring	Coastal Systems and Landscapes	Visit a coastline and investigate how and why it is protected from erosion. Produce a case study revision booklet on the location. Investigate and find images of how a coastline has changed over time. Find images and describe and explain the human and physical causes of this change.
Spring	Global Systems and Global Governance	Research the importance of the EU or UN in reducing inequality
Summer	Fieldwork	Read up on the use of data in fieldwork to support your investigation http://www.rgs.org/OurWork/Schools/Teaching+resources/Key+Stage+5+resources/Key+Stage+5+resources.htm

Year 13:

Term	Topic	Extension task
Autumn	Hazards	Research the Christchurch earthquake in New Zealand and compare with an earthquake in a LIC. Why were the effects less severe in New Zealand?
Spring	Population and the Environment	How many people can live on earth? Find out about the effects of people on the environment and what can be done to slow the damage.
Spring	Revision	Produce revision mind maps on the topics studied at A level.

Summer	Exam prep	Practise questions on AQA geography website http://www.aqa.org.uk/subjects/geography/as-and-a-level/geography-7037
