

# A level Biology

1. For each topic in the specification, find an out of specification connection and write about it, referencing as you go. This should be at least a paragraph, but no more than 10 lines.
2. Write your own exam question and mark scheme for each chapter of the text. The question must contain AO1, AO2 and AO3 content which you must indicate on the question.
3. Read some of the popular Biology Literature:
  - Bad Science - Ben Goldacre
  - Sapiens - Yuvel Hariri
  - Nature vs Nurture - Matt Ridley
  - The Selfish gene - Richard Dawkins
  - How we live and why we die - Lewis Wolpert
  - The Epigenetics revolution - Nessa Carey
  - Man who mistook his wife for a hat - Oliver Sacks
  - New Scientist Magazine
4. PIXL independence booklets

To download all the above mentioned packs and booklets please right click [here](#) and select save as.

## **Instruction for unzipping the folder:**

Open File Explorer, and find the zipped folder.

1. To **unzip** the entire folder, right-click to select Extract All, and then follow the instructions.
