

Progression to Post-16 Study in Business Studies

Course Outline

The business course has four units. They are:

- **Investigating Business** – an internally assessed unit where you will compare and contrast two businesses, analyse their organisation and investigate the external factors that affect them. In addition, we will look at how businesses use innovation and enterprise, and justify why it is necessary for many businesses
- **Developing a Marketing Campaign** – in this unit you will need to learn about the 7 Ps of marketing, as well as the aims of specific marketing campaigns whilst considering the budget and timescales of campaigns. In an externally assessed assignment you will need to apply this learning to a specific business as well as research the market that the business operates in
- **Personal and Business Finance** – this unit enables you to learn about personal as well as business finance, introduces you to accounting and requires you to evaluate financial sources for a specific business situation. For this unit, you will sit an external written examination
- **Recruitment** – in this unit you will learn about the recruitment and selection process, whilst applying this knowledge and understanding to a specific business of your choice. As part of the assessment you will have to apply for a vacancy, take part in interviews and consider your own personal strengths, weaknesses and areas for development.

As well as this business knowledge you will need to be able to use IT effectively. Skills you will use and develop are:

- **Internet research** – being discerning, selective and sourcing correctly
- **Word processing** – your coursework will need to be presented using a computer. Being able to use word processing software quickly and in a professional manner will be important
- **Spreadsheets** – you will need to be able to enter data and use spreadsheet skills to create visual ways of representing this data
- **Referencing sources** – this must be done using the Harvard referencing system. Information on how to do this can be found here <https://www.ukessays.com/referencing/harvard/>
