- Drugs Policy
- Lettings Policy
- SEND Policy
- Health & Safety Policy and Procedures
- Supporting Pupils with Medical Conditions Policy
- E-Safety Policy (including use of social media)
- Staff Code of Conduct
- Sex and Relationship Policy
- Use of Reasonable Force Policy
- Whistleblowing Policy
- Covid-19 Safeguarding Policy Annex

2. Introduction

At Sir William Ramsay School, we are fully committed to a whole school child-centred approach to safeguarding and the promotion of the welfare of children, ensuring that the highest priority is given to following guidance and regulations to safeguard all our students.

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- Protecting children from maltreatment.
- Preventing impairment of children's physical/ mental health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes

Information is shared on a 'need to know' basis when in the best interests of a child, this may be with staff internal to the school and/or external agencies as a level deemed

necessary and appropriate. If it is felt a child is at significant risk of harm then parents/ careers may not be informed immediately.

2.1. At Sir William Ramsay School we believe that a policy on child protection is founded on the right of all children and young people to be safe and feel safe, and that it is the fundamental obligation on all schools to robustly secure this right. The term children include everyone under the age of 18, however we still take responsibility and care for our students in the Sixth Form who have reached the age of 18.

The aim of this policy is to provide staff, governors and volunteers with the framework they need to keep children in Sir William Ramsay School safe and secure and to provide parents and carers with the information about how we will safeguard their children whilst in our care.

This policy has been developed in accordance with the principles established by the **Children Acts 1989 and 2004**; and in line with the following:

- "Keeping Children Safe in Education 2020" https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/892394/Keeping_children_safe_in_education_2020.pdf

- Managing allegations against staff and volunteers in school https://www.bucksscp.org.uk/parents-carers/allegations-against-staff-or-volunteers-lado/

2.2. We believe clear governance and leadership is central to embedding a safeguarding culture. The Governing Body takes its responsibility seriously under **section 175 of the Education Act 2002** to safeguard and promote the welfare of children; working together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm or whose welfare may be in question. Governors will ensure all staff at the school have read and understood their responsibilities pertaining to **Part 1, Part 5 and Annexe A of Keeping Children Safe in Education, Sept 2020**. They must ensure that there is an auditable system in place to evidence this.

2.3. Students are made aware and educated about safeguarding related issues through online safety lessons, Relationships and Sex Education, PSCHE, the school behaviour policy, school values and role modelling of staff.

All staff are required to read and adhere to the Staff Code of Conduct which governs behaviours expected of them and this policy (Safeguarding Policy for Sir William Ramsay School) as well as having an understanding of the Behaviour for Learning Policy for children and our Attendance Policy. Staff know that safeguarding of students and sharing of information goes above GDPR and protection of children comes first.

2.4. We recognise all staff and Governors have a full and active part to play in protecting our students from harm, actively promoting their welfare and ensuring that every child's welfare is our paramount concern. Each member of staff is responsible for contributing to a positive culture of safeguarding in Sir William Ramsay School.

2.5. All staff believe our school must provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual children.

2.6. The school recognises that as well as threats to the welfare of children from within their families, there are wider contextual risks where children may be vulnerable to abuse or exploitation outside their homes and from other children. Staff must remain vigilant and alert to these potential risks.

2.7. The aims of this policy are:

2.7.1. To support students' development in ways that will foster security, confidence and resilience, free from discrimination.

2.7.2. To provide an environment in which children feel safe, secure, valued and respected.

2.7.3. Children feel confident that they know how to approach adults if they are in difficulties.

2.7.4. To ensure all teaching staff, non-teaching staff and volunteers:

- are aware of the need to safeguard and promote the wellbeing of children

- identify the need for support early to promote well-being

- promptly report cases of actual or suspected abuse, in line with guidance from the Buckinghamshire Threshold Document

- are trained to recognise signs and indicators of potential abuse

2.7.5. To provide a systematic means of monitoring children known to be or thought to be at risk of harm and ensure contribution to assessments of need and support plans for those children.

2.7.6. To acknowledge the need for effective and appropriate communication, ensuring staff know how and when to share information to protect children in a way that is legal, ethical and timely.

2.7.7. To ensure Sir William Ramsay School has a clear system for communicating concerns and a model for open communication between children, teachers, parents/carers and other adults working with children.

2.7.8. To have a clearly understood structured procedure within the school which will, in cases of suspected abuse, be promptly followed by all members of the school community.

2.7.9. To ensure the school has robust systems in place to accurately record safeguarding and child protection concerns, which are clearly understood by staff and adhered to. Actions taken to address concerns and outcomes achieved are dealt with in a timely manner, clearly and accurately recorded. These records are securely stored on MyConcern.

2.7.10. To develop effective working relationships with all other agencies involved in safeguarding, supporting the needs of children at our school.

2.7.11. To ensure that all staff appointed have been through the safer recruitment process and understand the principles of safer working practices as set out in our Staff Code of Conduct, which stipulates their duty to report where behaviours of colleagues may have stepped outside of agreed safe practices. All staff must work to develop a positive culture of safeguarding in our school.

2.7.12. To provide clarity to other community users of our facilities with regard to our expectations of how they should maintain a safe environment, which supports children's welfare and development. We reserve the right to decline access to use the school facilities where we believe their ethos or practice is not aligned with this policy.

2.7.13. This policy is published on our website, under the 'Safeguarding' tab on the homepage and hard copies are available from the school office.

3. Responsibilities

3.1. All staff, visitors and volunteers understand safeguarding children is **everyone's responsibility** and that they must be diligent to help secure children's safety and wellbeing**.** Any person who receives a disclosure of abuse, an allegation or suspects that abuse may have occurred will report it immediately to Eleanor Holding

(Designated Safeguarding Lead; DSL) or, in their absence, to Sheryl Hilton (Deputy DSL). In the absence of either of the above, concerns will be brought to the attention of Elizabeth Wolfenden (DDSL), Nicola Renyard (DDSL) or if unavailable the most senior member of staff on site. In school holidays the DDSL who is available, and the main contact, is Hannah Dell. Staff understand that if there is an immediate risk of harm then the police or First Response will be called directly and the DSL will be updated at the earliest opportunity (see the referral procedure in sections 4 and 7, and allegations against staff in section 9).

3.2. The safeguarding team must maintain a good working knowledge of the [Buckinghamshire Threshold Document](#) and any updates, how it can be used to safeguard and promote the wellbeing of students and how it should be used to inform decision making regarding a referral to First Response as soon as there is a significant concern. This will be shared with staff as appropriate.

3.3. Staff understand that the most common reason for children becoming looked after is as a result of abuse and/or neglect and that previously looked after children remain vulnerable. Staff have the skills, knowledge and understanding to keep both looked after children and previously looked after children safe. Please see separate Children Looked After policy on website.

3.4. Staff understand increased vulnerability and that barriers exist when recognising abuse and neglect for children with Special Educational Needs or Disabilities.

3.5. The Governing Body understands and fulfils its safeguarding responsibilities. It must:

3.5.1. Ensure that the Headteacher and (when not the Headteacher) the DSL create and maintain a strong, positive culture of safeguarding within the school.

3.5.2. Ensure that this policy reflects the unique features of the community we serve and the needs of the students attending our provision (see section 4). This will be reviewed at least annually in line with changes to guidance and legislation.

3.5.3. Regularly monitor and evaluate the effectiveness of this Safeguarding Policy and be satisfied that it is being complied with.

3.5.4. Appoint a Designated Safeguarding Lead (DSL), who is a member of the Senior Leadership Team (SLT) and has the required level of authority, and also appoint at least one Deputy DSL. The Headteacher has overall responsibility for safeguarding within the school; they can be the DSL or can delegate that work to a member of the SLT. The DSL must report to the Headteacher on a regular basis. The roles and responsibilities of the DSL and Deputy DSL are made explicit in those post-holders' job descriptions.

3.5.5. Recognise the importance of the role of the DSL, ensuring they have sufficient time, training, skills and resources to be effective. Refresher training must be attended every 2 years, in addition knowledge and skills must be refreshed at regular intervals, at least annually.

3.5.6. Ensure measures are in place for the governing body to have oversight of how the school's delivery against its safeguarding responsibilities are exercised and evidenced. Ensure robust structures are in place to

challenge the Headteacher where there are any identified gaps in practice or procedures are not followed.

3.5.7.   Recognise the vital contribution that the school can make in helping children to keep safe, through incorporation of safeguarding within the curriculum. This will also be taught through the PSHE curriculum and relevant issues through Relationship Sex Education (secondary schools, mandatory from Sept. 2020). Ensure that through curriculum content and delivery children in the school understand, at age and stage appropriate levels, safeguarding and how to keep themselves safe in a contextually appropriate way.

3.5.8.   Ensure safe and effective recruitment policies and disciplinary procedures are in place, which adhere to Keeping Children Safe in Education, September 2020 and legislation referred to therein.

3.5.9.   Ensure resources are allocated, as a priority, to meet the needs of students requiring child protection or early intervention.

3.5.10.   Ensure the DSL completes an Annual Safeguarding Report for Governors, demonstrating how we are meeting our statutory responsibilities for safeguarding and promoting the welfare of children. Ensure a copy of this report is shared with the Education Safeguarding Advisory Service within the specified time frame.

3.6.   It is the duty of the Chair of Governors to liaise with relevant agencies if any allegations are made against the Headteacher. If there are concerns that issues are not being progressed in an expedient manner, staff/students/parents/carers should escalate concerns to the Local Authority Designated Officer (LADO) via First Response.

3.7.   The Governing Body must ensure that the DSL is designated for Children Looked After and that an up to date list of children who are subject to a Care Order or are accommodated by the County Council is regularly reviewed and updated. The school must work with the Virtual Schools Team to support the educational attainment for those children who are Looked After.

3.8.   The Governing Body has a statutory duty to appoint a Nominated Governor for Child Protection. The Nominated Governor must be familiar with Buckinghamshire Safeguarding Children Partnership procedures, Local Authority procedures and guidance issued by the Department for Education. The Nominated Governor must:

3.8.1.   Work with the DSL to produce the Safeguarding Policy annually.

3.8.2.   Undertake appropriate safeguarding training, to include Prevent Training.

3.8.3.   Ensure child protection is, as a minimum, an annual agenda item for the Governing Body.

3.8.4.   Meet at least termly with the DSL to review and monitor the school's delivery on its safeguarding responsibilities and to review the Single Central Record.

3.9.   All governors must complete safeguarding training on appointment, to also include Prevent training.

3.10. Overall responsibility for the safeguarding of students remains with the Headteacher, although tasks may be delegated to other members of the team, including the nominated DSL if appropriate. We have a Designated Safeguarding Lead (DSL) who is responsible for:

3.10.1. Creating a culture of safeguarding within the school, where children are protected from harm. Ensuring all staff receive an appropriate level of induction and training to support them to be professionally curious and vigilant in order to question behaviours and challenge perceptions if they have concerns for a student.

3.10.2. Ensuring children receive the right help at the right time using the Buckinghamshire Threshold Document to inform plans for support or protection (see Appendix for definitions of the categories of abuse).

3.10.3. Ensuring referrals to partner agencies are followed up in writing, within 24 hrs of initial contact, including referrals to First Response.

3.10.4. Establishing and embedding a policy and process for recording and storing information about child protection concerns and outcomes achieved, enabling records to be reviewed and an overview gained, in order to support timely interventions and allow prompt follow up. This includes use of the Escalation Process found on the BSCP website.

3.10.5. Ensuring safeguarding records, legislation and guidance are up to date and are maintained in accordance with data protection. Ensuring records are stored safely and securely and remain confidential. That:

- the DSL must share information, both internally and externally, on a 'need to know' basis only, being able to justify the reason for sharing and in accordance with the confidentiality policy.

- all child protection files are held separately from student educational records.

3.10.6. Maintaining the record of staff safeguarding training. Ensuring that the Sir William Ramsay School most up to date Safeguarding Policy is widely available (this may be on the website), publishing the Safeguarding Statement and other relevant information on the school website. Ensuring that the Safeguarding Team contact details and photos are displayed in prominent areas around the school and also on the website.

3.10.7. Being the designated point of contact for staff to be able to discuss and share their concerns, developing a culture whereby staff feel comfortable to do so. In their absence the DSL will ensure the Deputy DSL, or most senior member of staff, is available (The DSL and the Deputy are both trained to the same level within our school).

3.10.8. Being available to staff and outside agencies during school hours and term time for consultation on safeguarding concerns raised. Having responsibility to ensure that cover is arranged outside of term-time during working hours.

3.10.9. During residential and extended school hours, ensuring arrangements are in place for staff to have a point of contact.

3.10.10. Contributing effectively to multiagency working, for the safeguarding and promotion of the welfare of children, this could include:

- this includes working alongside our three safeguarding partners (the local authority; a clinical commissioning group within the local authority; and the chief officer of police;

- participating in Strategy discussions;

- Liaising fully with social workers assigned to any child or family

- attending Child Protection Case Conferences;

- submitting reports to the conference, which must be shared in advance with the parents/carers;

- contributing effectively and taking shared responsibility for core group meetings with all other agencies involved;

- engaging fully, as requested, in any other multi-agency planning meetings;

- contributing to the Framework for Assessments process;

- ensuring coverage is available at all times during the year

3.10.11. Providing the Headteacher (if the Headteacher is not the DSL), with an annual report for the Governing Body, detailing how school delivers on its safeguarding responsibilities and any child protection issues within the school. The Governing Body will use this report to fulfil its responsibility to provide the Local Authority with information about their safeguarding policies and procedures.

3.10.12. Meeting regularly (at least once a term) with the Nominated Governor to share oversight of the safeguarding provision within the setting, monitor performance and develop plans to rectify any gaps in policy or procedure.

3.10.13. Meeting the statutory requirement to keep up to date with knowledge, enabling them to fulfil their role, including attending mandatory and any other additional relevant training.

3.10.14. Referring immediately to the Police any cases where a criminal offence may have been committed or risk of harm is imminent, following advice from NPCC-when to call the police.

4. Procedures

Our school procedures for all staff, volunteers and visitors in safeguarding and protecting children from harm are in line with Buckinghamshire County Council and Buckinghamshire Safeguarding Children Partnership safeguarding procedures, "Working Together to Safeguard Children 2018", "Keeping Children Safe in Education" 2019 and statutory guidance issued under section 29 of the Counter-Terrorism and Security Act 2015.

At Sir William Ramsay School, there are students from all minority groups. The school has two ARPs, one for hearing impaired students and the second for physically disabled

students. The school is aware that that staff need to be particularly alert to the potential need for early help for vulnerable students including refugees and newly arrived to the UK, English as an Additional Language, SEND, Child Looked After, Young carer or those frequently missing from care/home.

We will ensure:

4.1 We have a designated member of the Senior Leadership Team who has undertaken appropriate training for the role, as recommended by the BSCP. Our Designated Safeguarding Lead (DSL) will be required to update their training in accordance with the Learning Pathway agreed by the BSCP.

4.2 We have member(s) of staff (Deputy Safeguarding Lead(s)) who will act in the DSL's absence and who have/has also received training for the role of DSL. In the absence of an appropriately trained member of staff, the most senior member of staff on site will assume this role.

4.3 All adults (including supply teachers and volunteers) new to our school are made aware of the school's policy and procedures for child protection, the name and contact details of the DSL, their role and responsibilities under "Keeping Children Safe in Education 2020" and the booklet "What to do if You're Worried a Child is Being Abused". They will have these explained, as part of their induction into the school.

4.4 Visitors must be:

4.4.1 Clearly identified with visitor/contractor passes.

4.4.2 Met and directed by school staff/representatives.

4.4.3 Signed in and out of the school by school staff.

4.4.4 Signposted to a safeguarding leaflet to read informing them of how to report a concern.

4.4.5 Given restricted access to only specific areas of the school, as appropriate.

4.4.6 Escorted by a member of staff/representative as required.

4.4.7 Given access to students restricted to the purpose of their visit.

4.5 All members of staff must complete regular safeguarding training, receive regular refresher training and partake in any training opportunities arranged or delivered by the DSL. Updates must be cascaded to all staff throughout the year, at a minimum of once a year.[1]

4.6 All parents/carers must be made aware of the school's responsibilities in regard to child protection procedures through this policy, which is available on our website. Hard copies are also available from the school office.

---

[1] "Keeping Children Safe in Education 2020" states that staff should receive regular training. Buckinghamshire County Council advises that this takes place no longer than 3 years in between refresher training.

4.7 All staff must follow the reporting procedures as follows when reporting any child protection concerns:

    4.7.1 Staff must ensure the child is in a safe place and in receipt of support;

    4.7.2 Staff must initially make a verbal report to the DSL to alert them to the safeguarding/child protection concern;

    4.7.3 Staff must make a report using MyConcern;

    4.7.4 All concerns are located on MyConcern

    4.7.5 Staff must ensure the time and date of the incident is recorded;

    4.7.6 A factual account of the incident must be recorded, including who was involved, what was said/seen/heard, where the incident took place and any actual words or phrases used by the child;

    4.7.7 Use a body map to record any injuries seen or reported by the child;

    4.7.8 The DSL must record actions taken alongside any outcomes achieved.

4.8 Through our Attendance Policy, we have a robust system for monitoring attendance and will act to address absenteeism with parents/carers and students promptly and identify any safeguarding issues arising. Parent/ Careers are informed on first day and every subsequent of absence by text message.

4.9 All children attending our school are required to have a minimum of two identified emergency contacts.

4.10 Any student absent for ten school days, where it has not been possible to make contact with a parent/carer, will be reported as a Child Missing in Education (CME) using the Buckinghamshire CME Protocol.

4.11 Any absence, without satisfactory explanation, of a student currently subject to a child protection or child in need plan is immediately referred to their Social Worker.

4.12 Parents/carers must inform school if there are any changes to a student's living arrangement. Sir William Ramsay School has a mandatory duty to inform the local authority, via the First Response Team, if a child under the age of 16 years old lives with someone other than their parent, step-parent, aunt, uncle or grandparent for a period of more than 28 days. This is defined as being a private fostering arrangement.

4.13 All staff, parents/carers and children are made aware of the school's escalation process, through the complaint's procedure published on school website, which can be activated in the event of concerns not being resolved after the first point of contact. We acknowledge an individual's safeguarding responsibility does not end once they have informed the DSL of any concerns, although specific details of further actions may be appropriately withheld by the DSL as information will only be shared on a need to know basis.

4.14 Our lettings policy reflects the ongoing responsibility the school has for safeguarding those using the site outside of normal school hours, ensuring the suitability of adults working with children on school sites at any time. School must have sight of the up to date Safeguarding Policy of any organisation hiring the school's facilities.

4.15   The school operates Safer Recruitment practices, including ascertaining the suitability of volunteers and employed staff, both employed directly or via an agency, who are working in regulated activities.

4.16   Allegations against members of staff, including volunteers, are referred to the Local Authority Designated Officer (LADO) via the Headteacher.

4.17   Our procedures are reviewed and updated annually as a minimum, or as there are changes to legislation.

5. Retention of Records

5.1   When a disclosure of abuse or an allegation against a member of staff or volunteer has been made, our school must have a record of this. These records are maintained in a way that is confidential and secure, in accordance with our Record Keeping Policy and Data Protection Legislation.

5.2   There is a statutory requirement for our school to pass any child protection records to the student's next school. We are required to have an auditable system in place to evidence we have done so. Any transfer of records will be carried out using a secure method and will be sent separately to the student's general file.

5.3   The last statutory school maintains child protection files until a student reaches the age of 25 years, therefore if the transfer school is unknown, or a student is going to be electively home educated, any child protection files will remain at our school in a secure location. Child protection files will only be destroyed when the student reaches their 25th birthday.

5.4   We have a robust system for reviewing our archived information held. Our files are stored and disposed of in line with GDPR protocols.

6. Confidentiality

6.1   We recognise that all matters relating to child protection are confidential.

6.2   The Headteacher or Designated Safeguarding Lead must only disclose personal information about a student to other members of staff on a need to know basis.

6.3   Staff must not keep duplicate or personal records of child protection concerns. All information must be reported to the Designated Safeguarding Lead and securely stored in the designated location within the school, separate from the student records.

6.4   All staff are aware they cannot promise a child confidentiality which might compromise the child's safety or well-being or that of another as they have a duty to share. Staff must, however, reassure the child that information will only be shared with those people who will be able to help them and therefore need to know.

6.5   We will always undertake to share our intention to refer a child to Social Care (First Response) with their parent/carer's consent, unless to do so could put the child at greater risk of harm or impede a criminal investigation. If in doubt, we will consult with First Response on this point. We recognise that GDPR must not be a barrier for sharing information regarding safeguarding concerns.

7. Dealing with a disclosure

In the event of a child disclosing abuse staff must:

7.1   Listen to the child, allowing the child to tell what has happen in their own way, and at their own pace. Staff must not interrupt a child who is freely recalling significant events.

7.2   Remain calm. Be reassuring and supportive, endeavouring to not respond emotionally.

7.3   Not ask leading questions. Staff are reminded to ask questions only when seeking clarification about something the child may have said or to gain sufficient information to know that this is a safeguarding concern.

7.4   Make an accurate record of what they have seen/heard using the school's record keeping processes, recording; times, dates or locations mentioned, using as many words and expressions used by the child, as possible. Staff must not substitute anatomically correct names for body part names used by the child.

7.5   Reassure the child that they did the right thing in telling someone.

7.6   Staff must explain to the child what will happen next and the need for the information to be shared with the DSL.

7.7   In the unlikely event the DSL and deputy DSL not being available, staff are aware they must share concerns with the most senior member of staff.

7.8   **If there is immediate risk of harm to a child, DSL/DDSL/Senior staff will NOT DELAY and will ring 999.**

7.9   The child will be monitored/accompanied at all times following a disclosure, until a plan is agreed as to how best they can be safeguarded.

7.10   Following a report of concerns the DSL must:

7.10.1   Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to First Response and the police if it is appropriate. The rationale for this decision should be recorded by the DSL.

7.10.2   Normally the school should try to discuss any concerns about a child's welfare with parents/carers and, where possible, obtain consent before making a referral to First Response. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child's family, the DSL should clarify with First Response or the police whether the parents/carers should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child's views should also be taken into account.

7.10.3   If there are grounds to suspect a child is suffering or is likely to suffer significant harm, the DSL (or Deputy) must contact First Response by telephone in first instance and then completing the Multi Agency Referral Form (MARF) making a clear statement of:

- the known facts

- any suspicions or allegations

- whether or not there has been any contact with the child's family

7.10.4 If the child is in immediate danger and urgent protective action is required, the police must be called. The DSL must then notify First Response of the occurrence and what action has been taken.

7.10.5 If a child needs urgent medical attention, the DSL (or DDSL or Matron) should call an ambulance via 999. DSL to contact First Response; advice to be sought from First Response about informing parents/carers.

8. Supporting Staff

8.1 We recognise that staff becoming involved with a child who has suffered harm, or appears to be likely to suffer harm, could find the situation stressful and upsetting.

8.2 We will support such staff by providing an opportunity to talk through their anxieties with the DSL or a DDSL and to seek further support if necessary. This could be provided by the Headteacher or another trusted colleague, Occupational Health, and/or a representative of a professional body, Employee Assistance Programme (PAM) or trade union, as appropriate.

8.3 In consultation with all staff, we have adopted a Code of Conduct for staff working in our school. This forms part of staff induction and is in the staff handbook. All staff know how to access the Code of Conduct on MyConcern in local policies in order to refer to it.

8.4 All staff are required to sign that they have read, understood and agree to comply with the agreed standards of practice set out in the Staff Code of Conduct.

9. Allegations against staff, supply staff and volunteers (including Governors)

9.1 All school staff, supply staff and volunteers must take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents/carers to be conducted in view of other adults (See also section 7 above). There must be no 1:1 contact between staff and students which is not "open to the casual observer".

9.2 The allegations may consist of:

9.2.1 behaved in a way that has harmed a child, or may have harmed a child;

9.2.2 possibly committed a criminal offence against or related to a child;

9.2.3 behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children;

9.2.4 behaved or may have behaved in a way that indicates they may not be suitable to work with children.

9.3 We understand that a student may make an allegation against a member of staff, supply staff or volunteer. If such an allegation is made, the member of staff notified of the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present.

9.4 The Headteacher/Senior Teacher on all such occasions must immediately discuss the content of the allegation with the Local Authority Designated Officer (LADO). The purpose of an initial discussion is for the LADO and the Case Manager to consider the nature, content and context of the allegation and agree a course of action.

9.5 The Head Teacher/Senior Teacher must:

9.5.1 Follow all advice given by the LADO throughout the investigation process, including how to manage the staff member or volunteer against whom the allegation is made, as well as supporting other staff and volunteers within the workplace.

9.5.2 Follow all advice given by the LADO relating to supporting the child making the allegation, as well as other children connected to the organisation.

9.5.3 Ensure feedback is provided to the LADO about the outcome of any internal investigations.

9.6 If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult the LADO without notifying the Headteacher first.

9.7 The school will follow the local safeguarding procedures for managing allegations against staff and volunteers, a copy of which can be found on the Buckinghamshire Children's Safeguarding Board website.

9.8 Suspension of the member of staff against whom an allegation has been made needs careful consideration and, if necessary, we will consult with the LADO in making this decision. Guidance will also be sought from HR.

9.9 If a suspension is made, restrictions will apply to all staff and volunteers regarding contact with them whilst they are suspended, including contact via social media, such as Facebook and Twitter.

9.10 Our lettings agreement for other users requires that the organiser will follow the Buckinghamshire County Council procedures for managing allegations against staff and where necessary, the suspension of adults from school premises.

9.11 Should an individual staff member, governor or volunteer be involved in child protection, other safeguarding procedures or Police investigations in relation to abuse or neglect, they must immediately inform the Head Teacher. In these circumstances, the school will need to assess whether there is any potential for risk of transfer to the workplace and the individual's own work with children.

10. Whistleblowing

10.1 We have a **Whistleblowing Policy which** can be found on the school website*.* Staff are required to familiarise themselves with this document during their induction period.

10.2 All staff must be aware of their duty to raise concerns about the attitude or actions of colleagues and report their concerns to the Headteacher or Chair of Governors.

11.Physical intervention/Positive handling

11.1 Our policy on physical intervention/positive handling by staff is set out separately, as part of our Use of Reasonable Force Policy and can be found on the school website.

12.Anti-Bullying

12.1 Anti-Bullying is referenced within the Anti bullying Policy and measures are in place to prevent and respond to all forms of bullying, which acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This can be found on the school website.

13. Mental Health

13.1 All staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation, understanding the impact of Adverse childhood experiences (ACEs).

13.2 While recognising that only appropriately trained professionals should attempt to make a diagnosis of a mental health problem, all staff in school however recognise they are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

13.3 Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Staff are aware of how these children's experiences, can impact on their mental health, behaviour and education.

13.4 Staff who have a mental health concern about a child understand that is also a safeguarding concern and immediate action would be taken.

14.Discriminatory Incidents

14.1 In line with the Equalities Act 2010, our Equalities Policy addresses all forms of discriminatory incidents. It takes into account the guidance offered by the Buckinghamshire guidance document 'Equally Safe – Dealing with Prejudice Related Incidents Guidance for Schools'.

15.Health and Safety

15.1 We recognise the importance of safeguarding students throughout the school day. Our Health and Safety Policy reflects the consideration we give to the protection of our children, both physically and emotionally, within the school environment.

15.2 Students who leave the site during the school day do so only with the permission of a parent/carer and are collected by an authorised adult where appropriate. School should be notified by the parents/carers regarding whom they have authorised for this task. Students sign in and out at student reception during the school day.

15.3 In the event of a student going missing during the course of the school day we will carry out immediate checks to ensure the student is not on site, we will then make contact with the student's parents/carers and inform the police.

16. Prevent Duty

16.1 We are aware of the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 to protect young people from being drawn into terrorism. This is as a safeguarding matter like any other and these processes will be applied to support children and their families where vulnerabilities are identified.

16.2 All school staff and governors have completed Prevent training.

16.3 We have in place and monitor appropriate web filtering systems so that students cannot view potentially extreme material.

16.4 Staff understand the need for a culture of vigilance to be present in the school to support safeguarding. This includes awareness and sensitivity to changes in the attitudes of students, which may indicate they are at risk of radicalisation.

17. E Safety, blended learning and online education

17.1 The use of technology has become a significant component of many safeguarding issues, which has increased with the learning online developed further by Covid-19. In terms of Child Sexual Exploitation, radicalisation and sexual predation technology often provides the platform that facilitates harm.

17.2 The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

17.2.1 content: being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, racist or radical and extremist views;

17.2.2 contact: being subjected to harmful online interaction with other users; for example commercial advertising as well as adults posing as children or young adults;

17.2.3 conduct: personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying.

17.2.4 There is a half termly safeguarding newsletter which regularly contains advice for parents on online safety.

17.3 All staff are aware of the school policy on E-Safety which sets out our expectations relating to:

 17.3.1 Creating a safer online learning environment,

 17.3.2 Giving everyone the skills, knowledge and understanding to help children stay safe on-line, question the information they are accessing and support the development of critical thinking,

 17.3.3 Inspiring safe and responsible use of mobile technologies, to combat behaviours on-line which may make students vulnerable, including sexting (youth-produced sexual imagery),

 17.3.4 Use of mobile technology both within school and on school trips/ outings

 17.3.5 Use of camera equipment, including smart phones,

 17.3.6 What steps to take if there are concerns and where to go for help,

 17.3.7 Staff use of social media as set out in the Staff Code of Conduct.

 17.3.8 Further guidance on blended learning and online learning can be found in the school Covid-19 annex to this policy.

17.4 Cyber-bullying by children, via texts, social media and emails, will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. This includes sexting and image exchange under threat or through coercion. The school will take action as appropriate whether this happens in the school day or beyond.

17.5 Students, staff and parents/carers are supported to understand the risks posed by:

 17.5.1 the CONTENT accessed by students

 17.5.2 their CONDUCT on-line

 17.5.3 and who they have CONTACT within the digital world.

17.6 The Behaviour for Learning Policy, found on the school website sets out the acceptable use of mobile technologies by students whilst onsite. This includes sanctions which will be applied when these boundaries are not adhered to.

17.7 Visitors to our school are respectfully requested to turn all mobile devices off. This is a safeguarding measure for our students. Exceptions to this will be agreed in advance by DSL/DDSLs.

17.8 Staff use of mobile technology whilst on site is set out in the Staff Code of Conduct.

18. Sexting

'Sexting', also referred to as 'youth produced sexual imagery', is one of a number of 'risk-taking' behaviours associated with the use of digital technologies, social media or the internet. It is accepted that children experiment and challenge boundaries and therefore the risks associated with 'online' activity can never be completely eliminated.

18.1 Staff (via training), students (via lessons and school website) and parents/carers (via school website, conversations with DSL/DDSL/Pastoral managers and newsletter) are supported, to understand the creation and sharing of sexual imagery, such as photos or videos, of under 18s is illegal. This includes images of students themselves if they are under the age of 18.

18.2 Any youth produced sexual imagery disclosures will follow the normal safeguarding practices and protocols for our school. We will also use the guidelines for responding to incidents, as set out in the publication 'Sexting in Schools and Colleges' produced by the UK Council for Child Internet Safety.

18.3 If the incident meets the threshold it may be necessary to refer to the police in a timely manner; contact will be through a safer school's officer, a PCSO (Police Community Security Officer), local neighbourhood police or by dialling 101. Such a report will result in an Outcome 21 record being generated by the police. We will always endeavour to speak to the parents/carers of the students involved prior to any report being made to the police.

19.Peer on Peer Abuse

Sir William Ramsay School believes that all children have a right to attend school and learn in a safe environment free from harm by both adults and other students. We recognise that some safeguarding concerns can occur via peer on peer abuse.

We are aware that students who are part one of the vulnerable groups (including SEND, CP/CIN, Child Looked After, Young carer or frequently missing from care/home) are more prone to peer isolation and extra vigilance must be kept with additional support made available where needed.

19.1 All staff operate a zero-tolerance policy to peer on peer abuse and will not pass off incidents as 'banter' or 'just growing up'.

19.2 All staff recognise that peer on peer issues may include, but may not be limited to:

19.2.1 Bullying (including cyber bullying)

19.2.2 Racial abuse

19.2.3 Physical abuse, such as hitting, hair-pulling, shaking, biting or other forms of physical harm

19.2.4 Sexual violence and sexual harassment

19.2.5 Abuse related to sexual orientation or identity

19.2.6 Sexting as set out in section 17, or encouragement/ coercion to take part in this

19.2.7 Initiation type violence and rituals

19.2.8 Emotional abuse

19.3 The following will be considered when dealing with incidents:

19.3.1 Whether there is a large difference in power between the victim and perpetrator i.e. size, age, ability, perceived social status possibly linked to sexual identity or vulnerabilities (including SEND, CP/CIN, Child Looked After, Young carer or frequently missing from care/home)

19.3.2 Whether the alleged perpetrator or perpetrator has previously tried to harm or intimidate students

19.3.3 Any concerns about the intentions of the alleged perpetrator or perpetrator

19.4 In order to minimise the risk of peer on peer abuse taking place, school must:

19.4.1 Deliver PSHE to include teaching students about how to keep safe and understanding what acceptable behaviour looks like

19.4.2 Ensure that students know that all members of staff will listen to them if they have concerns and will act upon them

19.4.3 Have systems in place for any student to be able to voice concerns

19.4.4 Develop robust risk assessments if appropriate

19.4.5 Refer to any other relevant policies when dealing with incidents, such as the Behaviour Policy and/or the Anti-Bullying Policy

19.5 We recognise that both victim and alleged perpetrator/ perpetrator of peer on peer abuse require support and each will have a separate assigned key worker.

19.6 We recognise that 'Upskirting' involves taking a photograph under an individual's clothing without their knowledge. We understand that it causes the victim distress and humiliation. Staff recognise that 'Upskirting' is a criminal offence and must promptly report any such incidence to the Headteacher, DSL or most senior member of staff.

19.7 Reference will be made to the following government guidance and part 5 of the Keeping Children Safe in Education, Sept 2020 to ensure that all staff have an understanding of the serious nature of sexual violence and sexual harassment between children in schools. All DSL/DDSLs have read and follow the guidance from [Sexual violence and sexual harassment between children in schools and colleges - GOV.UK](#) including risk assessments and safeguarding of all children involved.

20. Cultural Issues

20.1 As a school we are aware of the cultural diversity of the community around us and work sensitively to address the unique culture of our students and their families as they relate to safeguarding and child protection. This includes children at risk of harm from abuse arising from culture, faith and belief on the part of their parent, carer or wider community.

20.2 Staff must report concerns about abuse linked to culture, faith and beliefs in the same way as other child protection concerns.

21. So Called 'Honour' Based Abuse

21.1 Staff at our school understand there is a legal duty to report known cases of Female Genital Mutilation (FGM) and So Called 'Honour' Based Abuse to the police and they will do this with the support of the DSL. Mandatory reporting of female genital mutilation: procedural information - GOV.UK

21.2 Our school is aware of the need to respond to concerns relating to forced marriage and understand that it is illegal, a form of children abuse and a breach of children's rights. We recognise some students, due to capacity or additional learning needs, may not be able to give an informed consent and this will be dealt with under our child protection processes. Sir William Ramsay School staff can contact the Forced Marriage Unit if they need advice or information. Contact 020 7008 0151 fmu@fco.gov.uk

21.3 We are aware of the signs of FGM Female genital mutilation (FGM) | NSPCC

21.4 We recognise both male and female students may be subject to honour based abuse e.g. where children's cultural background are at odds with their behaviours such as sexuality, under-age sex, relationships, gender identity or life style choices.

21.5 We promote awareness through training and access to resources, ensuring that the signs and indicators are known and recognised by staff.

21.6 Any suspicions or concerns for forced marriage are reported to the DSL who will refer to First Response or the police if emergency action is required.

22. Contextual Safeguarding

Contextual Safeguarding is an approach to understanding, and responding to, children's experiences of significant harm beyond their families. It recognises that the different relationships that children form in their neighbourhoods, schools and online can feature violence and abuse. Parents and carers may have little influence over these contexts, and children's experiences of extra-familial abuse can undermine parent/carer-children relationships.

22.1 At Sir William Ramsay School we recognise that students may encounter safeguarding issues that happen in the wider community and we will respond to such concerns, reporting to the appropriate agencies in order to support and protect the student.

22.2 All staff, and especially the DSLs, will consider the context of incidents that occur outside of school to establish if environmental factors may be putting the student's welfare and safety at risk. A positive relationship has been created with the Safeguarding Police Officer assigned to the school and information is shared in both directions where appropriate in order to keep children safe.

22.3 Children who may be alleged perpetrators will also be supported to understand the impact of contextual issues on their safety and welfare.

22.4 In such cases the individual needs and vulnerabilities of each child will be considered.

23. Child Sexual Exploitation (CSE), Child Criminal Exploitation (CCE), Serious Violence and exploitation

23.1 Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online All staff are aware of signs and indicators which may signal that children are at risk from, or are involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or significant change in well-being or signs of assault or unexplained injuries. Staff are aware that unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs, or exploitative, controlling and coercive relationships.

23.2 At Sir William Ramsay School we are aware of the risks to children and will take appropriate measures to manage any situations arising.

23.3 Exploitation is a form of child abuse and may take a number of forms. There is no profile of young people who are at risk of exploitation, and any adult concerned with a young person being vulnerable to this is advised to contact the DSL/DDSL immediately.

23.4 DSL/DDSLs specifically train staff regarding Child Sexual Exploitation (see appendix for further detail on Child sexual exploitation) and that it can include the trafficking of children and Modern Day Slavery. DSLs are aware of key documents: Victims of modern slavery – frontline staff guidance and the CSE Guidance Core Document

23.5 DSL/DDSLs ensure staff have training on Extremism and PREVENT (see point 15 of this policy and appendix for further detail on Extremism and PREVENT)

23.6 DSL/DDSLs specifically train staff regarding County Lines and Child Criminal Exploitation (see appendix for further detail on county lines and child criminal exploitation)

23.7 DSL/DDSLs are aware of the impact of domestic violence, abuse, controlling behaviour and coercion experienced and/ or witnessed in the home, be it current or historical. It is reported to 101 or 999 as appropriate and students supported within school.

24. Use of Photography

24.1 We will often use photographs and film to capture achievements, monitor a child's development and help promote successes within our school. We like to have a record of all the wonderful activities our students take part in, guidelines for the use

of photography in Sir William Ramsay school is set out in the mobile phone guidelines found in the Behaviour for Learning policy and in our GDPR compliance. Visitors are made clear of expectations regarding no photography when they sign in at reception.

Appendix 1

Everyone who works with children has a duty to safeguard and promote their welfare. They should be aware of the signs and indicators of abuse and know what to do and to whom to speak if they become concerned about a child or if a child discloses to them.

The following is intended as a reference for school staff and parents/carers if they become concerned that a child is suffering or likely to suffer significant harm. If you are worried about a child or young person, please contact the DSL/ DDSL at the school or in an emergency 999 (police).

The Children Act 1989 defines abuse as when a child is suffering or is likely to suffer 'significant harm'. Harm means ill treatment or the impairment of health or development. Four categories of abuse are identified:

Categories of Abuse

Child abuse is a form of maltreatment. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children people may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

Physical Abuse
A form of abuse which may involve; hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional Abuse
The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meets the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual Abuse
Involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for

abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The **Brook Sexual Behaviours Traffic Light Tool** can be used as guidance to support professionals in identifying and responding to sexual behaviour in children.

Neglect
The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

a) provide adequate food, clothing and shelter (including exclusion from home or abandonment)
b) protect a child from physical and emotional harm or danger
c) ensure adequate supervision (including the use of inadequate caregivers)
d) ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Domestic abuse
The cross-government definition of domestic violence and abuse is:

 Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional.

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

Exploitation
Exploitation is a form of child abuse and may take a number of forms:

Child Sexual Exploitation
Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet).

The definition of child sexual exploitation is as follows:
Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or

young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology

Extremism

Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

County Lines

As set out in the Serious Violence Strategy (see link below), published by the Home Office, a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, using dedicated mobile phone lines or other form of 'deal line'. They are likely to exploit children and vulnerable adults to move and store the drugs and money, and they will often use coercion, intimidation, violence (including sexual violence) and weapons.

Child Criminal Exploitation

As set out in the Serious Violence Strategy published by the Home Office, where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18 into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. Child criminal exploitation does not always involve physical contact; it can also occur through the use of technology.

Taken from "Working Together to Safeguard Children" 2018

Consent

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g.to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

• a child under the age of 13 can never consent to any sexual activity;
• the age of consent is 16;
• sexual intercourse without consent is rape.

Taken from "Sexual violence and sexual harassment between children in schools and colleges":

Assessment Framework
(from Working Together to Safeguard Children, July 2018)
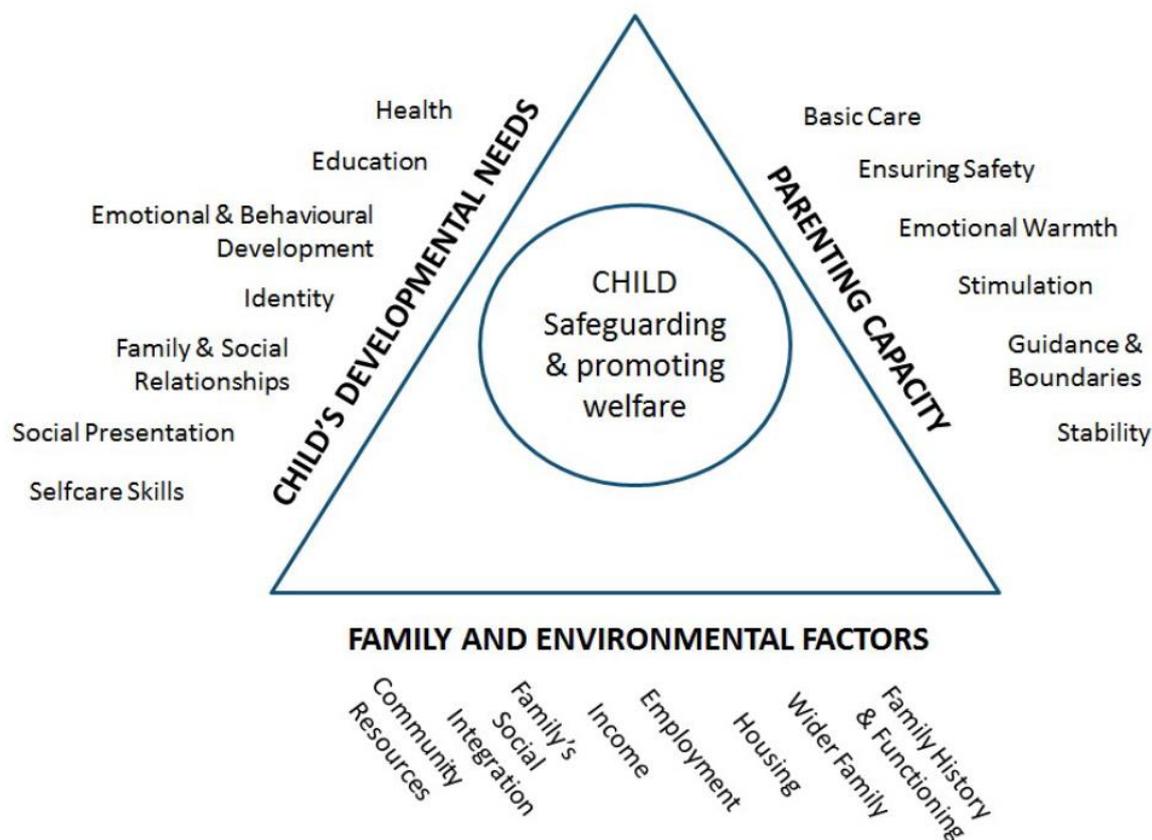

Every assessment should draw together relevant information gathered from the child and their family and from relevant practitioners including teachers and school staff, early years workers, health practitioners, the police and adult social care.

Every assessment of a child should reflect the unique characteristics of the child within their family and community context.

Each child whose referral has been accepted by children's social care should have their individual needs assessed, including an analysis of the parental capacity to meet those needs, whether they arise from issues within the family or the wider community.

Frequently, more than one child from the same family is referred and siblings within the family should always be considered.
